

Silent Auction Donation Form

Bone Appetit is an annual fundraiser that raises funds for the operating costs of Helping Hands Humane Society. The event will be held June 2nd, 2012. A significant way to help your organization receive advertising at a minimal cost is to contribute a donation to the Bone Appetit silent auction. The silent auction is an important part of Bone Appetit and garners a lot of attention. By giving a silent auction donation, your organization will have direct exposure to the hundreds of participants who come to the event. The silent auction is an exciting way to develop business for your organization and bring positive exposure. Consider a donation and help your organization while helping the homeless pets of HHHS.
