

Be Kind to Animals

Celebrate Be Kind to Animals Week May 3rd—9th

As advocates for animal welfare, Helping Hands Humane Society cares for over 8,000 lost, abandoned, abused and unwanted animals each year. HHHS strives to care for these animals while providing education to the public on the importance of animals to our lives. As a recognized family member, pets have proven to enrich our lives psychologically, physically and emotionally. **Now is your opportunity to help give back to those who have given us so much.**

We invite everyone to make a donation of \$25 or more to HHHS and write a special message from you or your business to be posted on the Be Kind To Animals webpage. The message can be in honor or in memory of a beloved pet, it can be a message of animal celebration or it can simply be your name. Include your message below and return form and donation to HHHS.

Your Support Helps Pets Like Dash

At 13 years of age, this energetic and loveable dog came to HHHS and needed some extra tender loving care. Dash tested positive for heartworms, was underweight, and had some skin issues. Our medical team was able to provide first class care for him because of the generosity of people like you. Our volunteers and staff worked with Dash and learned that he is very social and even knows some tricks. **Dash is thankful for the kindness of our supporters who have allowed us to provide life saving care for thousands of others just like him.**
