

You Don't Have to Adopt a Pet to Save a Life

HHHS Sponsorship Program

Sponsoring a pet is a wonderful way to help support an animal without adopting. Sponsorships can cover anything from the adoption fee to the sterilization of our animals. To sponsor a pet, please follow the four steps listed below.

Step 1

Is there a specific dog or cat you are interested in sponsoring? Please select one of the following options:

- I have a specific animal I would like to sponsor. It's shelter ID number is _____.
(the shelter ID can be found on the animal's picture on our website www.hhhstopeka.org)
You may also call (785) 233-7325 and ask for the ID number.
- I do not have a specific animal - I would like the shelter staff to choose the animal.

Step 2 - Sponsoring a Dog or Cat

Sponsoring a Dog 

The cost for adoption on dogs ranges from \$75 to \$200 (some dogs may be more than this as they qualify for our High Profile Pet program). To sponsor a dog, you may choose one of the following options:

- \$150 dogs 5 months to 6 years
- \$200 puppies 8 weeks to 4 months
- other amount \$ _____

Sponsoring a Cat 

The cost for adoption on cats ranges from \$25 to \$75. You may sponsor all or a portion of this fee.

- \$25 senior cat
- \$50 cats 5 months to 6 years
- \$75 kittens 8 weeks to 4 months

Step 4 - Customer Signature

I understand that HHHS reserves the right to transfer sponsored animals to other shelters or rescues. On very rare occasions, HHHS may have to euthanize sponsored animals due to severe health or behavioral issues. In any of these situations, sponsorship money will be transferred to the HHHS General Animal Fund to be used as a benefit for all animals in-care. Sponsorships cannot be transferred to other animals and are not refundable.
