

Help Homeless Pets with a Bone Appétit Auction Donation

Helping Hands Humane Society (HHHS)

We are a non-profit organization that relies on donations from our community and supporters to operate our facility and lifesaving programs. HHHS admits around 6,000 animals in need of sanctuary each year!

We serve as a resource center for our community through our lost and found, adoptions, low-cost spay-neuter and vaccine services, obedience training classes, pet food pantry, animal welfare education, community visits, foster and volunteer programs, and so, so much more. Throughout the year, we hold fundraisers like Bone Appétit to assist in the costs of fulfilling our mission.

Bone Appétit

Bone Appétit is an annual fundraiser that raises money to operate HHHS and care for the lost and homeless pets who need our help. This gala is an opportunity to showcase businesses in our silent and live auctions, enjoy a nice meal and network, learn about the past year's accomplishments during the State of the Shelter, as well as feature adoptable animals from HHHS. The event is generally attended by 350+ people!

Funds from Bone Appétit go directly toward the operating costs of the shelter and help cover the costs of vaccinations and medical care for homeless companion animals. We invite our neighbors and friends in the community to consider a donation to our Bone Appétit auctions. Your participation will ensure the success of the event and ultimately assist animals in our community. We appreciate your continued support!

**THIS LIFE WAS
IMPACTED
WITH YOUR
SUPPORT...**

Timber came to us in the winter in January of 2026. She was just a puppy, and she was living with her beloved human mother in a tent.

While her mom was out, the tent was set on fire with Timber inside! Timber came to us with very severe burns. Our vets worked tirelessly to keep her comfortable and help her recover. During the months she was with us...her mom was rebuilding her own life as well.

She was able to come and meet our vet, learn about the care Timber had gotten and still needed, and ultimately re-adopted Timber so the two of them could have a fresh start at life together.
